

# EDSIG 2015 Panel Topics and Submission Guidelines

---

## EDSIG 2015 Panel Topics

This year's conference is seeking panel discussions related to career preparation in IS education. In addition, we are always seeking interesting panel discussions on current issues related to the implications and consequences of implementing curriculum change, program development and pedagogy. The conference will feature five to six panel discussions.

## Panel Submission Guidelines

- Panel discussion proposals should be submitted not later than July 15, 2015.
- A panel should consist of at least two, and not more than five discussants with at most two discussants from the same institution / affiliation.
- Panel proposals should a brief (< 250 words) description of the topic(s) the panel discussion will present, which can be
- Each panel also must include a moderator (who is NOT a discussant) to help facilitate interaction.
- Panels should be either 25 or 55 minutes in length.
- Presentation materials should be prepared for publication in proceedings by October 1, 2015.
- All panelists and the moderator must be registered for the conference.
